WHAT WE DID

- ✓ So we've cut the deficit by a third.
- ✓ So we've helped businesses create more than 1.6 million new jobs.
- ✓ So we've given an average income tax cut of £700 to 25 million people, taking 2.7 million people out of tax altogether.
- ✓ So we've capped welfare – no out-of-work household can now claim more than the average family earns in work.
- ✓ So we've taken all the action we can under the current EU agreements to fix our immigration system and limited migrants' access to benefits.
- ✓ So we've cut the EU budget, saving British taxpayers £8.15 billion.
- ✓ So we've taken the UK out of Eurozone bailouts.
- ✓ So we vetoed a new EU Fiscal Treaty because it didn't guarantee a level playing field for British business.

WHY THE EU ELECTIONS MATTER

FOR THE FIRST TIME SINCE THE EUROZONE CRISIS YOU GET TO HAVE YOUR SAY ON EUROPE.

The EU is not working for Britain. It needs fundamental change, and under the Conservatives, Britain is leading the way in delivering that change.

At home, David Cameron and the Conservatives have made the difficult decisions in the national

interest to secure Britain's economic future. Now it's time to protect Britain's interests in Europe.

Both Labour and the Liberal Democrats won't stand up for Britain, while UKIP simply can't deliver on anything they promise.

ONLY DAVID CAMERON AND THE CONSERVATIVES – WITH YOUR VOTE – CAN DELIVER REAL CHANGE IN EUROPE.

YOUR CONSERVATIVE TEAM FOR LINCOLNSHIRE

Now is our chance to secure real change in Europe.

We stand for bringing power back to Britain and away from Brussels.

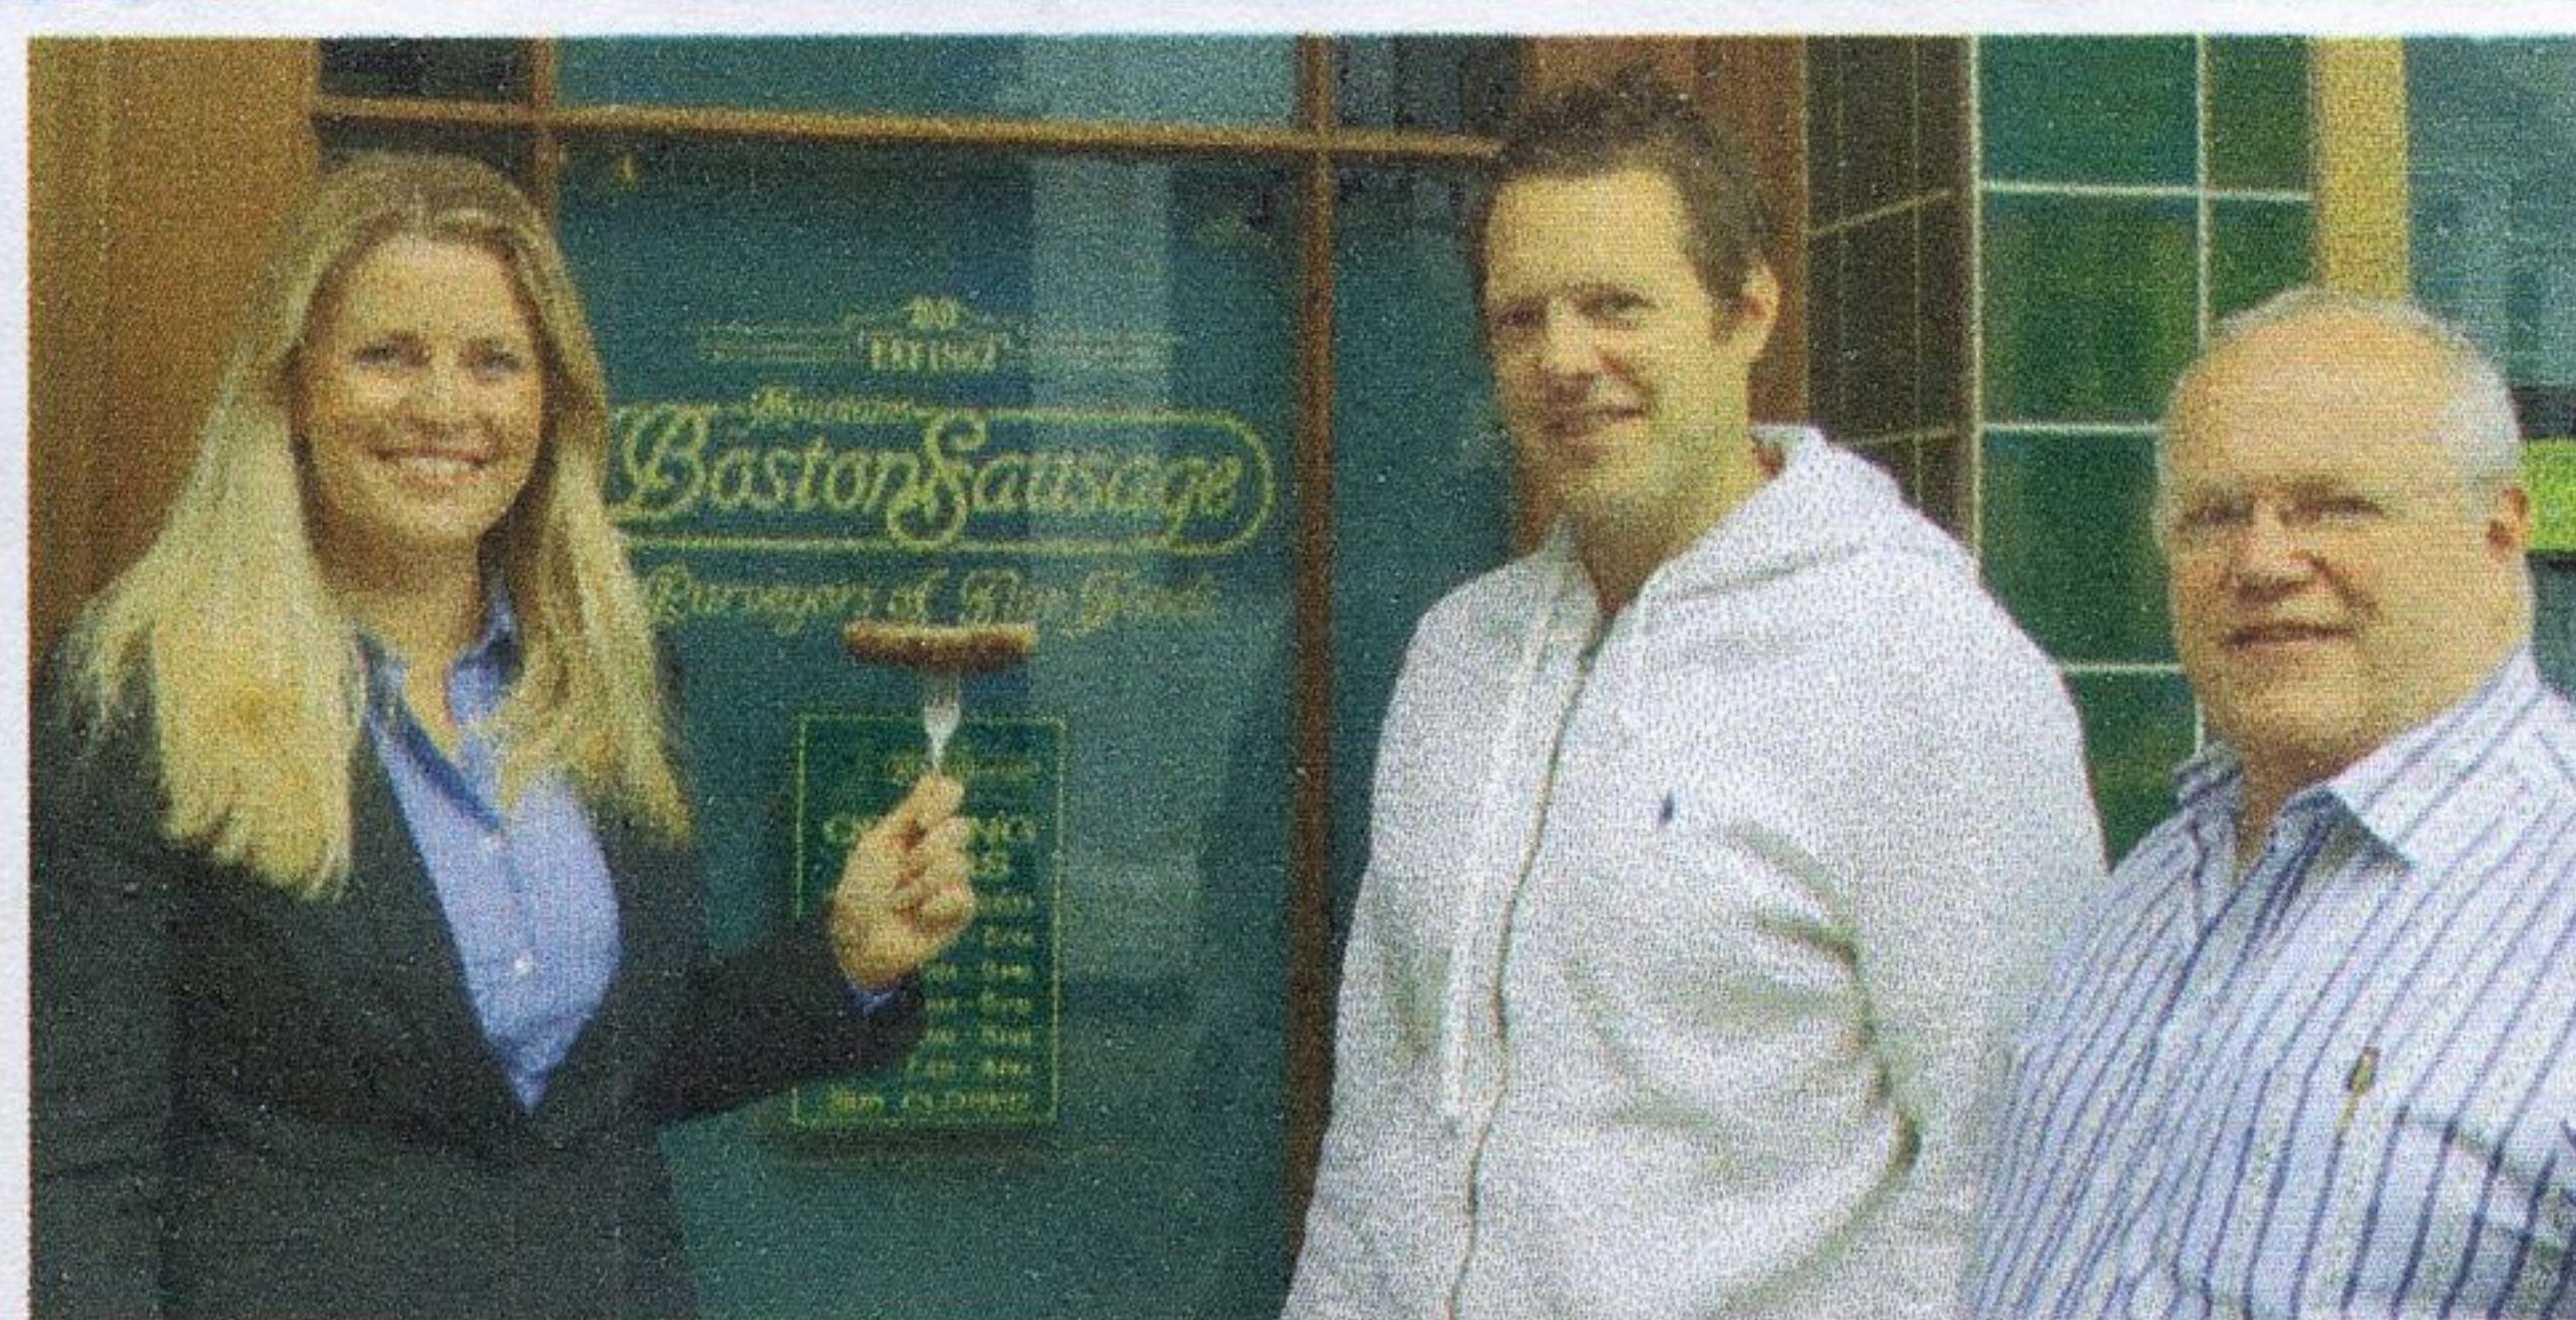

But only with your support and a strong team of Conservative MEPs can we deliver real change.

Both Labour and the Liberal Democrats won't stand up for Britain, while UKIP simply can't deliver on anything they promise.

If you want real change in Europe, and MEPs who stand up for Britain's interests not their own careers, vote Conservative on 22nd May and help secure a better future for Britain.

Conservatives have campaigned to get the Lincolnshire Sausage protected so that it could only be produced in Lincolnshire with the traditional recipe and ingredients to highlight the importance local produce to the local economy and maintain our cultural heritage.

Conservatives have supported business in Lincolnshire to understand the impact of EU legislation and how we can work together to improve growth and create new jobs.
